

General/Special Health Check-ups in 2023

The numbers and the rates of people who took the health check-up in 2023 are as below.
Most international students took the check-up thanks to the cooperation of faculty members of each laboratory. We will continue to make further efforts to improve health check-up awareness.

【General health check-ups】

【2023】 May 22nd – May 26th

	Eligible persons	Exempted persons	Persons not examined	Persons examined	Examination rate
Students	1,076	117	45	1,031	95.8
Faculty and staff	571	84	21	550	96.3
Total	1,647	201	66	1,581	96.0

※Exempted persons are those who took a health check-up at other institutions, those who are in training at other institutions and students who are on leave.

【Special health check-ups】

【2023】 May 22nd – May 26th

		Eligible persons	Persons not examined	Persons examined	Examination rate
Students	RI/x-rays	405	4	401	99.0
	Organic solvents	101	1	100	99.0
	Specialized chemical substances	303	11	292	96.4
Faculty and staff	RI/x-rays	92	1	91	98.9
	Organic solvents	42	0	42	100.0
	Specialized chemical substances	158	2	156	98.7
Total		1,101	19	1,082	98.3

【2023】 Nov. 27th – Nov. 28th

		Eligible persons	Persons not examined	Persons examined	Examination rate
Students	RI/x-rays	331	30	301	90.9
	Organic solvents	137	0	137	100.0
	Specialized chemical substances	430	33	397	92.3
Faculty and staff	RI/x-rays	101	6	95	94.1
	Organic solvents	37	8	29	78.4
	Specialized chemical substances	162	14	148	91.4
Total		1,198	91	1,107	92.4
